* Under this plan, payments increase by 10% each calendar year provided the individual has visited the dentist at least once during the year. Failure to do so will cause a 10% reduction in payment the following year, although payment will never fall below 70%.

Advantages

- * **Freedom to choose your dentist** Delta Dental is unique in that we have contracts with over 100 licensed dentists in Alaska. As the Delta Dental Plan of Alaska, we offer access to over 100,000 dental professionals nationwide.
- * **Professional Arrangements** Delta Dental has specific fee arrangements with our participating dentists to ensure that actual charges made by the dentist do not exceed his or her accepted fees on file with Delta Dental. We believe that the underlying unique feature inherent to all Delta Dental programs is every participating dentist becomes a party to cost control as well as the quality of care. Participating dentists will update your records with your new information and will submit claims to Delta Dental for you.
- * **myODS** is a customized Delta Dental member website with accurate and easy to understand information about the member's plan. Log onto www.odsalaska.com/members to access myODS.

Dependent Eligibility

Dependents are lawful spouse and unmarried dependent children to age 25, including children an employee is required to enroll due to a court or administrative order.

This is a benefit summary only.

LIMITATIONS

In general, optional services are not covered benefits. If an eligible person selects a more expensive plan of treatment than is customarily provided or chooses specialized techniques rather than standard procedures, Delta Dental will pay the applicable percentage of the lesser fee. The enrollee is responsible for the remainder of the dentist's fee (examples: electing a crown where a silver filling would restore the tooth or a precision denture where a standard denture would suffice).

Preventive (Class I Services)

- * **Diagnostic** Routine examination once every six (6) months. Full mouth x-rays limited to once every three (3) years. Bitewings once every six (6) months.
- * **Preventive** Prophylaxis (cleaning) or periodontal maintenance limited once every six (6) months. Fluoride application is covered for all ages.

Basic (Class II Services)

- * **Oral Surgery** Surgical extractions & certain minor surgical procedures.
- * **Restorative** A separate charge for general anesthesia and/or IV sedation is not covered when used for non-surgical procedures.
- * **Periodontic** Scaling and root planning is limited to once per quadrant in any twenty-four (24) month period.

Major (Class III Services)

- * **Restorative** If a tooth can be restored with a material such as amalgam, but another type of restoration is selected by the patient and dentist, covered expense will be limited to the cost of amalgam. Crowns and other cast restorations (including onlays and replacement inlays) are covered once in a five (5) year period on any tooth.
- * **Prosthodontic** A bridge or denture (full or partial) will be covered only once in a five (5) year period and only if the tooth or teeth involved have not received a cast restoration benefit in the past five (5) years. Specialized or personalized prosthetics are limited to the cost of standard devices.
