

OEBB SPECIALTY MEDICATIONS

All specialty medications, including those listed below, require a Prior Authorization before they can be dispensed.

Prior Authorization (PA) refers to the process by which a member obtains approval from ODS prior to ODS processing the payment for a specific drug. To request a Prior Authorization for your specialty medication, please contact ODS Pharmacy Customer Service and we will work directly with your healthcare provider to complete this process. Failure to obtain required authorization may result in payment denial for your medication.

For a complete list of drugs that require authorization, log into your myODS account at www.odskompanies.com (after your effective date of coverage) or contact ODS Pharmacy Customer Service at 503-265-2911 or 866-923-0411.

Please note, this list is updated occasionally and is subject to change.

Specialty medications must be accessed through the exclusive specialty pharmacy, Diplomat. To enroll with Diplomat Specialty Pharmacy call 877-534-7566.

<u>Brand drug name</u>	<u>Generic drug name</u>
Abraxane	paclitaxol
Actimmune	interferon gamma-1b
Adagen	pegademase bovine
Adcirca	tadalafil
Advate	factor VIII
Afinitor	everolimus
Aldurazyme	laronidase
Alferon N	interferon alfa-n3
Alimta	pemetrexed
Alkeran	melphalan
Aloxi Inj.	palonosetron
AlphaNine	coagulation factor IX
Amevive	alefacept
Amicar	aminocaproic acid
Anzemet Inj.	dolasetron mesylate
Apokyn	apomorphine
Aralast	alpha 1-protease inhibitor
Aranesp	darbepoetin alfa
Arcalyst	rilonacept

Aredia	pamidronate
Arixtra	fondaparinux
Atgam	lymphocyte immune globulin
ATryn inj.	antithrombin III
Avastin	bevacizumab
Avonex	interferon beta-1a
Baraclude	entecavir
BeneFix	factor IX
Betaseron	interferon beta-1b
Bexxar	i-tositumomab
Boniva IV	ibandronate
Botox	botulinum toxin type a
Bravelle	urofollitropin
Busulfex	busulfan
Campath	alemtuzumab
Carboplatin	carboplatin
Carimune NF	immune globulin
CeeNU	lomustine
Ceprotin	protein c concentrate
Ceredase	alglucerase
Cerezyme	imiglucerase
Cetrotide	cetorelix acetate
Cimzia	certolizumab
Cinryze inj.	c1 inhibitor
Copaxone	glatiramer
Copegus	ribavirin
Cosmegen	dactinomycin
Cyklokapron	tranexamic acid
Cystadane	betaine anhydrous
Cystagon	cysteamine
CytoGam	cytomegalovirus immune globulin
Dacogen	decitabine
Degarelix	gonadotropin
Doxil	doxorubicin
Droxia	hydroxyurea
Emend inj.	fosaprepitant
Elaprase	idursulfase
Eligard	leuprolide acetate
Elitek	rasburicase
Ellence	epirubicin
Eloxatin	oxaliplatin
Elspar	asparaginase
Emcyte	estramustine
Enbrel	etanercept

Epivir-HBV	lamivudine
Epogen	epoetin alfa
Erbix inj.	cetuximab
Ethyol inj.	amifostine
Etopophos	etoposide
Euflexxa	hyaluronic acid derivatives
Exjade	deferasirox
Fabrazyme	agalsidase beta
Fareston	toremifene
Faslodex	fulvestrant
Feiba VH	anti-inhibitor coagulant complex
Flolan	epoprostenol
Fludara	fludarabine
Follistim	follitropin beta
Forteo	teriparatide
Fragmin	dalteparin
GamaSTAN	immune globulin
Gammagard	immune globulin
Gamunex	immune globulin
Ganirelix	ganirelix acetate
Gemzar	gemcitabine
Genotropin	somatropin
Gleevec	imatinib
Gliadel	carmustine
Gonal-f	follitropin alfa
Hepsera	adefovir
Herceptin	trastuzumab
Hexalen	altretamine
HP Acthar	corticotropin
Humatrope	somatropin
Humira	adalimumab
Hyalgan	hyaluronic acid derivatives
Hycamtin	topotecan
Idamycin	idarubicin
Ifex	ifosfamide
Ilaris	canakinumab
Implanon	etonogestrel
Increlex	mecasermin
Infergen	interferon afacon-1
Innohep	tinzaparin
Intron A	interferon alfa-2b
Iplex	mecasermin rinfabate

Iressa	gefitinib
Iveegam EN	immune globulin
Ixempra	ixabepilone
Kepivance	palifermin
Kineret	anakinra
Kuvan	sapropterin
Kytril Inj.	granisetron
Letairis	ambrisentan
Leukeran	chlorambucil
Leukine	sargramostim
Leustatin	cladribine
Lovenox	enoxaparin
Lucentis	ranibizumab
Lupron	leuprolide
Lupron for Pediatric Use	leuprolide
Lupron Depot	leuprolide
Lupron Depot-Ped	leuprolide
Luveris	lutropin alfa
Lysodrin	mitotane
Macugen	pegaptanib
Matulane	procarbazine
Megace	megestrol
Megestrol Acetate	megestrol Acetate
Mesnex	mesna
Mirena	levonorgestrel
Mononine	factor IX
Mozobil	plerixafor
Mustargen	mechlorethamine
Mylotarg	gemtuzumab
Myobloc	botulinum toxin type b
Myozyme	alglucosidase alfa
Naglazyme	galsulfase
Navelbine	vinorelbine
Neulasta	pegfilgrastim
Neumega	oprelvekin
Neupogen	filgrastim
Nexavar	sorafenib tosylate
Nipent	pentostatin
Norditropin	somatropin
Novantrone	mitoxantrone
Novarel	human chorionic gonadotropin
NovoSeven	factor VIIa
Nplate	romiplostim
Nutropin	somatropin

Octagam	immune globulin
Omnitrope	somatropin
Ontak	denileukin diftitox
Onxol	paclitaxel
Orencia	abatacept
Orfadin	nitisinone
Orthoclone OKT3	muromonab-cd3
Orthovisc	hyaluronic acid derivatives
Ovidrel	choriogonadotropin alfa
Pegasys	peginterferon alfa
PEG-Intron	peginterferon alfa-2b
Photofrin	porfimerpo
Plenaxis	abarelix
Pregnyl	human chorionic gonadotropin
Prialt	ziconotide
Privigen	immune globulin
Profilnine SD	factor ix complex
Procrit	epoetin alfa
Profasi	human chorionic gonadotropin
Prolastin inj.	alpha 1-protease inhibitor
Proleukin	aldesleukin
Promacta	eltrombopag
Protropin	somatrem
Raptiva	efalizumab
Rebetol	ribavirin
Rebif	interferon beta-1a
Reclast	zoledronic acid
Relistor	methylnaltrexone
Remicade	infliximab
Remodulin	treprostinil
Repronex	menotropin
RespiGam	respiratory syncytial virus immune globulin
Revlimid	lenalidomide
Ribasphere	ribavirin
Rituxan	rituximab
Sabril	vigabatrin
Saizen	somatropin
Sandostatin	octreotide
Sandostatin LAR	octreotide
Serostim	somatropin
Simponi	golimumab
Simulect	basiliximab
Soliris	eculizumab

Somatuline	lanreotide
Somavert	pegviomant
Sprycel	dasatinib
Stelara	ustekinumab
Supartz	hyaluronic acid derivatives
Supprelin LA	histrelin
Sutent	sunitinib
Synagis	palivizumab
Synvisc	hyaluronic acid derivatives
Tabloid	thioguanine
Tarabine PFS	cytarabine
Tarceva	erlotinib
Targretin	bexarotene
Tasigna	nilotinib
Taxol	paclitaxel
Taxotere	docetaxel
Temodar	temozolomide
Teslac	testolactone
Tev-Tropin	somatropin
Thalomid	thalidomide
Thioguanine	thioguanine
Thioplex	thiotepa
Thrombate III	antithrombin III
Thyrogen	thyrotropin alfa
Toposar	etoposide
Torisel	temsirolimus
Totect inj.	dexrazoxane
Tracleer	bosentan
Treanda	bendamustine
Trelstar	triptorelin
Tykerb	lapatinib
Tysabri	natalizumab
Tyvaso	treprostinil
Vantas	histrelin
Vectibix	panitumumab
Velban	vinblastine
Velcade	bortezomib
Ventavis	iloprost
VePesid	etoposide
Vinblastine Sulfate	vinblastine
Vidaza	azacitidine
Videx	didanosine
Virazole	ribavirin

Vistide	cidofovir
Visudyne	verteporfin
Vitrasert	ganciclovir
Vivaglobin	immune globulin
Vivitrol	naltrexone
Vumon	teniposide
Xenazine	tetrabenazine
Xeloda	capecitabine
Xolair	omalizumab
Xyrem	sodium oxybate
Zanosar	streptozocin
Zavesca	miglustat
Zemaira	alpha 1-protease inhibitor
Zenapax	daclizumab
Zevalin	ibritumomab tiuxetan
Zinecard	dexrazoxane
Zofran Inj.	ondansetron
Zoladex	goserelin
Zolinza	vorinostat
Zometa	zoledronic acid
Zytiga	abiraterone acetate
