A man with a thoughtful expression is wearing a striped birthday hat. The scene is decorated with various stars and a thought bubble. The thought bubble contains the text: "Why is my insurance company sending me a birthday card?".

Why is my insurance company sending me a birthday card?

happy birthday!

Why is your insurance company sending you a card on your birthday? Because we believe good health is the best gift you can give yourself.

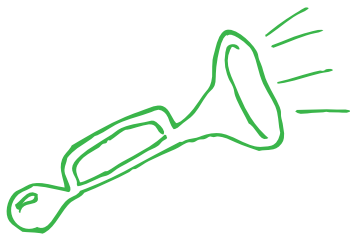

One way you can do that is to review your recent health screenings. I encourage you to talk to your doctor about the screenings that are right for you at this point in your life. Regular health screenings can help you and your doctor detect signs of an illness so you can get early treatment that may be more effective.

The folks at ODS wish you all the best for the coming year. Have a happy and healthy birthday!

Sincerely,

Csaba Mera M.D.

Csaba Mera, M.D., ODS Medical Director
